The MDTP **Report** provides five hyperlinks at the top of the page, which you can click to access online testing data. You will be able to export PDFs and Excel spreadsheets as you navigate through these hyperlinks.

***Note: Faculty will only see the “Summary” and “Individual Results” sections.**

The screenshot shows the MDTP ASSESSMENT website interface. At the top, there is a dark blue header with the text "MDTP ASSESSMENT" in white. Below the header, there is a white navigation bar with three dropdown menus: "Schools", "Classes", and "Resources". Below the navigation bar, there is a white content area with a blue link "Back to Previous Page" on the left. At the bottom of the content area, there is a horizontal menu with five items: "Summary", "Topic Summary", "Item Analysis", "Answer Timings", and "Individual Results". The "Summary" item is highlighted with a blue underline.

- 1) **Summary** (Pgs. 3 - 5)
- 2) **Topic Summary** (Pg. 6)
- 3) **Item Analysis** (Pgs. 7 - 8)
- 4) **Answer Timings** (Pg. 9)
- 5) **Individual Results** (Pg. 10-11)

1) Summary

In the top section of the **Summary**, you will be able to view the class average percent scores and download a PDF which includes class and individual results, topic and item reports, and individual student letters.

The screenshot shows the top navigation bar of the MDTP ASSESSMENT system. On the left, there are three dropdown menus: 'Schools', 'Classes', and 'Resources'. On the right, there is a search bar with the text 'Search' and a magnifying glass icon. The user's name 'Hi Only Full School Admin' is displayed in the top right corner. Below the navigation bar, there is a breadcrumb trail: 'Home / Assignments / Summary'. A secondary navigation menu is visible with the following items: 'Summary' (highlighted), 'Topic Summary', 'Item Analysis', 'Answer Timings', and 'Individual Results'. A 'Back to Previous Page' link is located on the far left of this menu.

9th Grade Assessment (9A40A19) Student Results

[Export as pdf](#)

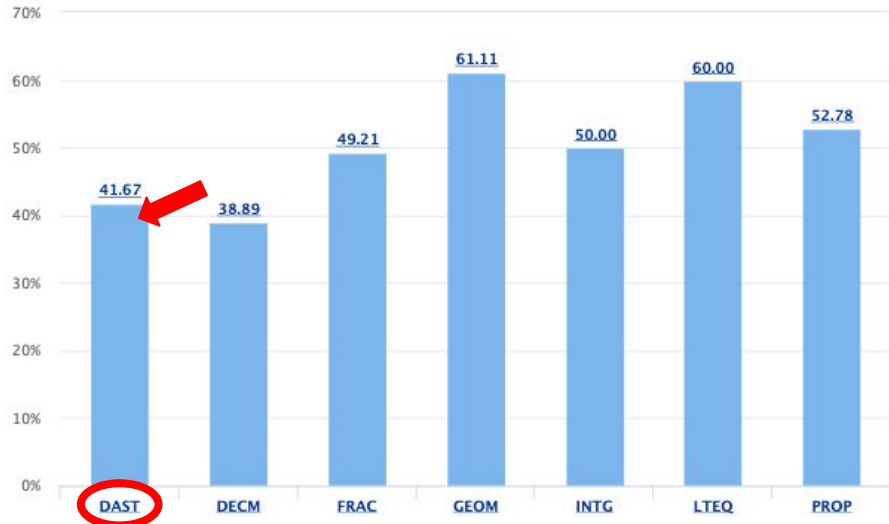

Class Name:	Math 10 (0)
Date:	01/07/2020
Number of students:	1
Number of items:	40
Average Score:	32 (80%)

The **Summary** page provides average scores by topic in graphic form. The height of the bar displays the average percent correct for each topic.

Click on the bar graph to reveal the average scores by each item in a specific topic. The **Back** button will lead back to the original **Class Average Topic Scores** graph.

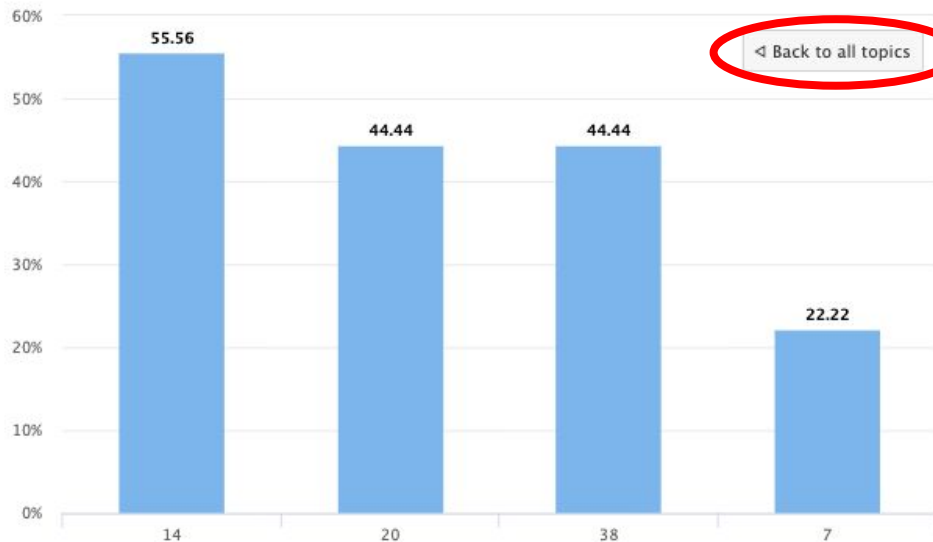

Class Average Topic Scores

For each topic, the height of its bar displays the average percent correct, the average number of correct responses is printed in its column. You may also hover over each bar to view the ratio of the number of items correct and the total number of items in each topic, and click each bar to drill into the topic's items.

Data Analysis & Statistics

For each topic, the height of its bar displays the average percent correct, the average number of correct responses is printed in its column. You may also hover over each bar to view the ratio of the number of items correct and the total number of items in each topic, and click each bar to drill into the topic's items.

The table shows the number of items per topic and the percentage correct for each topic. Each column can be sorted by clicking the column headers.

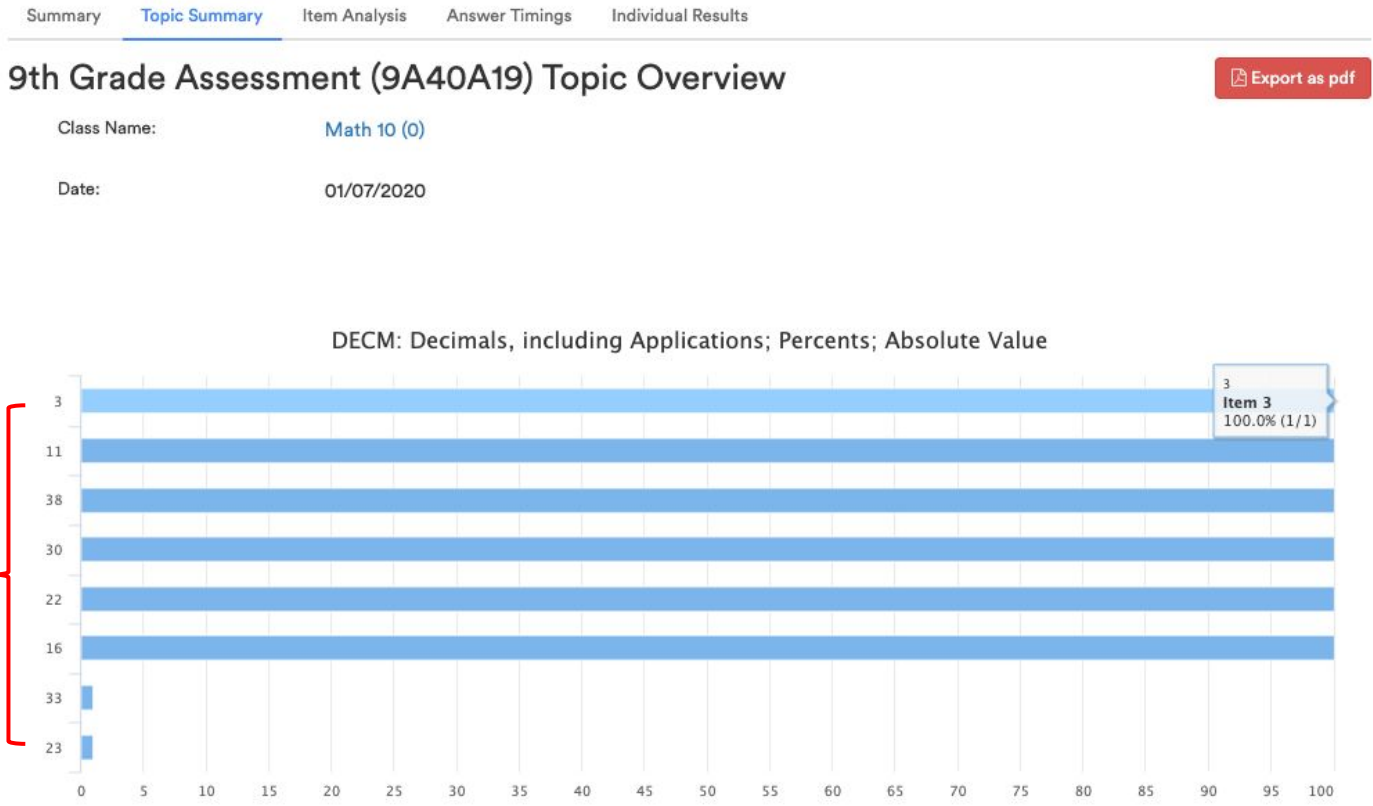

Clicking on the topics will prompt a bar graph to appear on the left demonstrating the items in that topic and their class average scores. Performance data for each topic as an Excel export file is available by clicking the **Export as Excel** button.

TOPIC ▲	ITEM COUNT	PERCENT CORRECT
DECM: Decimals, including Applications; Percents; Absolute Value	8	13%
EXEQ: Equations, Expressions, & Inequalities	6	0%
EXPS: Exponents & Square Roots; Scientific Notation	5	20%
FRAC: Fractions; Including Applications	4	0%
FNCT: Functions & Their Representation	4	0%
GEOM: Geometry	6	0%
INTG: Integers	3	33%
PROP: Proportions	4	0%

2) Topic Summary

Items are listed for each topic of the exam. The length of a bar represents the percent of students who answered correctly. Hovering over a bar shows both the class percent correct and the number of students who answered correctly for that item.

3) Item Analysis

You can view the test data for each test individually or the comparison analysis by percent or by number by clicking on the appropriate boxes. Data can be sorted by clicking the column headers on this page.
