

CSU/UC MATHEMATICS DIAGNOSTIC TESTING PROJECT

Order Form for California K-12 Schools

To submit orders via the web go to <http://mdtp.ucsd.edu/sendtodirectors.shtml>

To submit an order via fax, mail, or phone: Complete this form and submit it to your MDTP Site Office (see page 3 for contact information).

Teacher Full Name: _____ Date: _____

School Name: _____ District: _____

Mailing Address: _____
Street or P.O. Box City Zip Code

Telephone: () _____ email address: _____

TESTING DATE: _____ Ship my order I will call and make arrangements to pick up my order.

Submit orders early. Early orders have priority, and if received in time, will be shipped two weeks before the **Testing Date**.

Have you used MDTP tests before? Yes ___ No ___ Has your school used MDTP tests before? Yes ___ No ___

MDTP Written Response Materials are now available in PDF format on a CD.

Booklets should be kept secure and reused as much as possible. Order the number of booklets for the largest class or for each teacher to have a class set. <u>Only</u> Order the number of answer sheets needed.			Number of Answer Sheets		Number of Teachers	Number of Classes
Use the space below the test codes to write in the number of booklets you are requesting.	Number of Questions	Suggested Testing Time	Calculator Not Required		Calculator Required	
			English	Spanish	English	Spanish

Notes:

LIST OF AVAILABLE TESTS		
Test Name/Test Type	Test Code*	Description
PREALGEBRA READINESS		
Prealgebra Readiness 0814004	PR40A04 PR40A04S	Assesses some concepts needed for success in a course immediately preceding a first-year algebra course and subsequent success in that first-year algebra course. This test is often given near the beginning of a course immediately preceding a first-year algebra course. 40 questions. Calculator use prohibited. Spanish version available.
ALGEBRA READINESS		
Algebra Readiness 0714510	AR45A10 AR45A10S	See AR50/90. 45 questions. Calculator use prohibited. Spanish version available.
Algebra Readiness 0714500	AR45A00 AR45A00S	See AR50/90. 45 questions. Calculator use prohibited. Spanish version available.
Algebra Readiness 0715090	AR50/90 AR50/90S	Assesses some concepts needed for success in a first course in algebra. 50 questions. Calculator use prohibited. Spanish version available.
Algebra Readiness 0775092	AR50X92 AR50X92S	See AR50/90. 50 questions. Calculator use required. Spanish version available.
ELEMENTARY ALGEBRA DIAGNOSTIC		
Elementary Algebra Diagnostic 0315090	EA50A90 EA50A90S	Assesses some concepts needed for success in a second course in algebra. Appropriate when the second course follows immediately after first-year algebra course and students have not studied a year of geometry. 50 questions. Calculator use optional. Spanish version available.
Elementary Algebra Diagnostic 0374591	EA45X91 EA45X91S	See EA50A90. 45 questions. Calculator use optional. Spanish version available.
GEOMETRY READINESS		
Geometry Readiness 0414506	GR45A06 GR45A06S	Assesses some concepts needed for success in geometry after completing Algebra I or II. Includes some informal geometry students should have encountered prior to and during algebra. 45 questions. Calculator use optional. Spanish version available.
Geometry Readiness 0414593	GR45A93 GR45A93S	See GR45A06; GR45A93 and GR45A93S will not be reprinted. The 93 versions will remain available for ordering until the current inventory is depleted.
Geometry Readiness 0474594	GR45X94 GR45X94S	See GR45A93. 45 questions. Calculator use required. Spanish version available.
SECOND-YEAR ALGEBRA READINESS		
Second-Year Algebra Readiness 0314506	SR45A06	Assesses some concepts needed from first-year algebra and geometry for success in intermediate algebra following a course in geometry. 45 questions. Calculator use optional. Spanish version available.
Second-Year Algebra Readiness 0314593	SR45A93 SR45A93S	See SR45A06; SR45A93 and SR45A93S will not be reprinted. The 93 versions will remain available for ordering until the current inventory is depleted.
Second-Year Algebra Readiness 0374594	SR45X94 SR45X94S	See SR45A93. 45 questions. Scientific calculator use required. Spanish version available.
INTEGRATED READINESS		
Integrated Second Year Readiness 0414500	IS45A00	Assesses some concepts needed for success in the second year of an integrated mathematics curriculum. This test was based on the common content of two of the integrated curricula in use in California. 45 questions. Calculator use optional. Spanish version not available.
Integrated Third Year Readiness 0314500	IT45A00	Assesses some concepts needed for success in the third year of an integrated mathematics curriculum. This test was based on the common content of two of the integrated curricula in use in California. 45 questions. Calculator use optional. Spanish version not available.
MATHEMATICAL ANALYSIS READINESS- Spanish version not available.		
Mathematical Analysis Readiness 0214508	MR45A08	Assesses some concepts needed for success in a course following two algebra courses and a geometry course. This course is often called trigonometry, precalculus, or mathematical analysis. 45 questions. Calculator use not recommended.
Mathematical Analysis Readiness 0214592	MR45A92	See MR45A08; MR45A92 will remain available until Fall 2009 and then will not be reprinted.
Mathematical Analysis Readiness 0274594	MR45X94	See MR45A92. 45 questions. Scientific calculator use required.
CALCULUS READINESS- Spanish version not available.		
Calculus Readiness 0114097	CR40A97	Assesses some concepts needed for success in a first calculus course. 40 questions. Scientific calculator use optional. Suggested time 60 min.
Calculus Readiness 0174096	CR40X96	See CR40A97. 40 questions. Scientific calculator use required. Suggested time 60 min.
Calculus Readiness 0115597	CR55A97	See CR40A97. 55 questions. Scientific calculator use optional. Suggested time 90 min.
Calculus Readiness 0175596	CR55X96	See CR40A97. 55 questions. Scientific calculator use required. Suggested time 90 min.
Beginning Calculus 0173097	BC30X97	Assesses some concepts and facility with graphing calculators needed for success in a first calculus course requiring graphing calculators. Graphing calculator use required. Suggested time 60 min.

*Test codes ending in "S" are Spanish versions.

MDTP tests were developed to provide students and teachers with diagnostic information. This information can help students identify specific areas where additional study or review is needed, and help teachers identify topics and skills that need more attention in courses. MDTP tests are diagnostic, not comprehensive, and so should not be used as final exams or as the single measure for placement. MDTP provides written response materials to supplement most of its diagnostic tests.
