

MATH WORKSHOP

Wednesday, March 18, 2009

4:00 - 7:30 p.m.

UC Davis Memorial Union, MU-II (2nd Floor)

Professional Development hours will be offered

This year's workshop will include two breakout sessions covering algebraic and geometric concepts with hands on activities!

Breakout Sessions:

Session A (6th grade thru Algebra) – Integers to Solving Equations

Participants will briefly examine some models that might help students understand integers. Emphasis will be given on ways these models help make sense of operations with expressions that use integers.

Al Mendle, Lecturer/Supervisor – UC Davis, School of Education

Session B (7th thru 12th grade) – Geometry to Trig

Participants will explore a variety of activities to increase student engagement in and understanding of geometric concepts. Activities range from tasks with paper and pencil to the use of homemade tools. Plans and a materials list will be provided.

Julie Orosco, Co-Director – UC Davis Mathematics Project

Buffet Dinner

(A joint workshop with the CSU/UC Mathematics Diagnostic Testing Project and The UC Davis Mathematics Project, School of Education)

REGISTRATION FORM ATTACHED

The Mathematics Diagnostic Testing Project (MDTP) is supported by The Regents of the University of California, the Trustees of the California State University, and the California Academic Partnership Program
