Tier 1

Demonstrated readiness of the content in this topic needed for success in this course.

Tier 2

Approaching readiness of the content in this topic needed for success in this course.

Tier 3

Below readiness of the content in this topic needed for success in this course.

Average Percentage Correct by Topic

The height of each bar represents the average percentage correct by topic. Hover over each bar to see the average number of correct questions divided by the total questions in that topic. Click on each bar to see the questions in that topic.

Tier-Levels by Topic

Each colored section represents the total percentage of students in each tier by topic. Click on the highlighted sections in each bar to see the questions in that topic for students in that tier.

5) A new window will open with the PDF version of the student letters. Download or print the student letters by clicking the download or print button.

Mathematics Diagnostic Testing Project

April 15, 2025

To: Student02

Here are the diagnostic results from the Assessment of Preparedness for 7th Grade Mathematics (7M40A15) that you recently completed. Your scores in each topic represent your current readiness level for questions in that topic by tiers. MDTP considers that students scoring in the Tier 1 range have correctly answered the required number of questions to show adequate readiness in that topic.

	Your Score	Tier 1 Level	Total Possible
Tier 1: Your results indicate that you have demonstrated readiness in the following topics:			
Data Analysis & Statistics	3	3	4
Equations, Expressions & Inequalities	4	3	5
Integers	5	5	8
Proportions	4	3	4
Tier 2: Your results indicate that you are approaching readiness in the following topics:			
Decimals & Percents; Absolute Value	3	4	6
Fractions, including Applications	4	5	7
Geometric Measurement & Coordinate Geometry	3	4	6

We hope you find this information helpful. Please contact your instructor for learning experiences that will support you in these topics.

MDTP Diagnostic Tutorial

Emailing Student Letters

1) Locate your class and select report as mentioned in slides 1 - 4. Click “**Student Letters**” then click “**Email**”. Click the checkbox if you want to include student IDs in the student letter.

If student emails have been added, the emails will be displayed. Select which students to email their results.

If student emails have not been added, you may add student emails directly from this page.

To learn more about adding student emails to an entire class, see the **“Adding Student Emails to an Existing Class”** tutorial for more details.

This is what it looks like when the results have been sent. Emails are queued up for delivery and there is a 15 second delay between each email sent. Please wait a couple of minutes for all the emails to deliver. **Emails are sent from lea-noreply@ucsd.edu**
